## House Bill 471 on Second Reading

The Presiding Officer laid before the Senate on its second reading and passage to third reading:

H. B. No. 471, A bill to be entitled "An Act making certain adjustments in the regulation and operation of statewide mutual assessment corporations, local mutual aid associations, and local mutual burial associations subject to the provisions of Senate Bill No. 236, known as the Insurance Code, Acts 1951, Regular Session 52nd Legislature, Page 868, Chapter 491, as amended; etc.; and declaring an emergency."

The bill was read second time.

Senator Hall offered the following amendment to the bill:

Amend House Bill 471 by striking out all of Section 4 of Section 1 of said House Bill 471, said Section 4 commencing at line 52 on page 5 and ending on line 42 of page 6 of the printed bill, and substituting in lieu thereof the following:

"Section 4. Permissive Deficiency Reserve, Reduction of permissive Deficiency Reserve.

"(a) As of December 31, 1965, each such company or association regulated by the provisions of this Chapter shall so calculate the amount of the required reserves as aforeprovided in this Article, and shall also determine the amount of the net assets (net assets being the gross amount of such mortuary fund assets at such date, but less any liabilities of said fund, exclusive of reserves) of its mortuary or claim fund, or by whatever name said fund may be designated. In the event the net assets of the mortuary fund are insufficient to equal the amount of the required reserves as in this Article provided, the difference shall be designated and carried as a permissive deficiency reserve.

"(b) In the event any company or association shall, as of December 31, 1965, possess a permissive deficiency reserve, it shall not later than July 1, 1966: (1) file an application with the State Board of Insurance seeking approval of a rate increase whereby such rate increase shall be accomplished by charging a premium based upon the advancement of ages of such insureds, from age at issue date, or such ages so previously advanced, in order to totally eliminate such permissive deficiency reserve or to partially eliminate such permissive deficiency reserve in connection with a plan to cure such permissive deficiency reserve; or (2) file an application with the State Board of Insurance for approval of a plan whereby such permissive deficiency reserve will be eliminated over a period of time not to exceed eighteen (18) years. Such plan shall reasonably demonstrate the anticipated ability of the company or association to correct such permissive deficiency reserve during such period of time. Such plan may include any reasonable method, procedure or financial arrangement in order to accomplish the required reduction of the permissive deficiency reserve over such period of eighteen (18) years. Provided said plan is found to reasonably demonstrate the ability of the company or association during such period of time to eliminate such permissive deficiency reserve, then such permissive deficiency reserve shall be allowed without creating the insolvency of the company or association, but the company or as-

sociation shall reduce said permissive deficiency reserve so determined by at least 1/18th thereof during each calendar year thereafter, commencing as of December 31, 1966, so that as of December 31, 1983, the permissive deficiency reserve will be fully paid and satisfied, provided, however, that such required reduction in the permissive deficiency reserve shall never exceed the cumulative aggregate amount of 1/18th per annum.

"In the event that such plan be not finally approved, such company or association shall increase rates as provided in Section 4, Paragraph (b) (1) of this Article.

"(c) Each company or association may, in addition to, or in combination with, or in lieu of, such rate adjustment or readjustments of rates as in this Chapter provided, offer each insured a proportionate reduction in the amount of insurance, or some lesser reduction, provided such plan is agreed to by the individual insured or the controller of said policy.

"(d) Any decision made by the State Board of Insurance as to approval or disapproval of the plan for securing such permissive deficiency reserve shall be subject to judicial review in accordance with Article 21.44 of Sub-Chapter F of Chapter 21 of this Insurance Code."

The amendment was read and was adopted.

Amend House Bill 471 by adding to Section 3 of said House Bill 471 between lines 30 and 31 on page 10 of the printed bill a new Section 7 thereof and which said new Section 7 of Sec. 3 shall read as follows:

"Section 7. Limitation Upon Rate Increases on Certain Life Policies.

"Any other provision of this Chapter 14 of this Insurance Code, as amended, notwithstanding, rates on life policies issued after the effective date of this Act may not be increased during any consecutive five year period more than double the rate then charged such insured at the time of such rate increase.
